Safeguarding News

Due to recent reviews of safeguarding, a new version; 'Working Together to Safeguard Children 2023' has raised the importance of EDUCATION with respect to safeguarding children. It has recognised that Education holds significant information and understanding of children and their families and how best to keep them safe. They have realised that, at times in the past, the voice of education has been ignored, and opinions of those working with children and families are extremely important, especially when these children and families are in crisis. If you need any support- we are here for you. Please come into school to meet with a member of pastoral team.

Our Attendance Awards Ceremony took place on Monday 15th April 2024, for the 137 pupils who had 100%. The children have enjoyed a disco in school.

Tim Dexter, Clean Air Lead, at Asthma and Lung UK, said: "It's great to see how motivated the next generation is about clean air, and we need to see the same motivation from those making decisions across the West Midlands.

We also made the Birmingham Mail! Have a read of the full story here: [Children breathing in 'toxic air' make urgent plea saying 'we need action' - Birmingham Live \(birminghammail.co.uk\)](#)
